

Red Rock Behavioral Health Services

Innovating to enhance client care

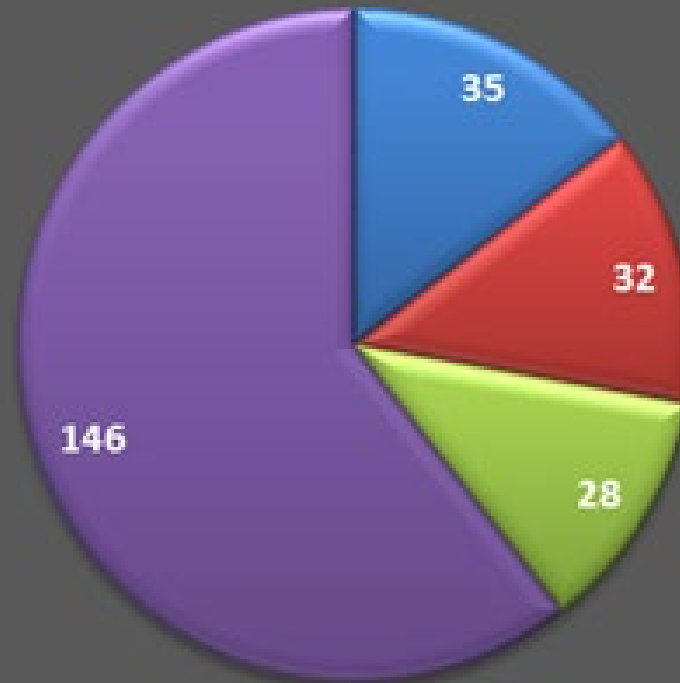

Red Rock Behavioral Health Services

TeleHealth Services

TeleHealth Services Other Than Med Clinic

■ Individual Therapy ■ Intake Admit ■ Initial Service Plan/Review ■ Crisis Intervention

In addition to traditional telehealth services in which a client sits in a room at a Red Rock site and is seen by a clinician at another site, lpads are being used in a variety of innovative modalities and settings.

- ✓ Crisis Diversion - Emergency Departments have I pads that FaceTime with Red Rock Staff
- ✓ Jail Diversion - Law Enforcement with RR I pads can connect client with Red Rock staff vs arresting and booking into jail.
- ✓ Court Hearings - Clients can see Judge across state avoiding long, traumatic ride handcuffed in back of deputy transport vehicles.
- ✓ Jordan's Crossing inpatient treatment center for expecting or new mothers loans I pads to family members so they can participate in family sessions from their hometown across the state.
- ✓ Improved no-show rates for consumers struggling with transportation or on inclement weather days.
