

TAO 2022 Telehealth Summit

Call for Abstracts for Oral & Poster Presentations

The Telehealth Alliance of Oklahoma (TAO) seeks abstracts for oral and poster presentations for the 2022 TAO Telehealth Summit. The event will be held **October 4th – 5th, 2022, in Oklahoma City, Oklahoma and virtually.**

The year's summit theme is **Hybrid Healthcare**. Hybrid Healthcare brings together the best of digital health and in-person care to optimize access, workflows, and experiences. The TAO is interested in presentations from organizations that have developed innovative and successful programs, pilots, or research that highlight how telehealth and hybrid care models add value and lead to positive outcomes.

TAO is seeking presentations that align with, but not limited to, the following categories:

- Hybrid care models
- Adoption of telehealth in rural communities
- Remote patient monitoring & hospital at home
- Billing, compliance, credentialing changes
- Oklahoma's digital landscape
- Telehealth and hybrid programs for hospitalized patients
- Telenursing
- Using AI & telehealth to alleviate the effects of staffing shortages
- Telehealth training & education
- Connecting community health workers in telehealth
- Telehealth in a post-PHE world

Presenter Notes:

- Submit abstracts online via this [link](#)
- Submissions are due by June 15, 2022.
- If your abstract is accepted, you will be notified by June 30, 2022 and required to RSVP within two weeks.
- Abstracts that appear to be promoting a company, product, or service will not be considered.
- The event will be hosted in person and virtually. The TAO will allow presenters to present in person or virtually. Please select your desired presentation location in your proposal submission.
